EDUCATION

Uttaranchal University — Dehradun, Uttarakhand
Master of Computer Application — *2023 - 2025*

Pt. LMS PG College Rishikesh — Rishikesh, Dehradun, Uttarakhand
Bachelor of Science — *2018 - 2021*

PROFESSIONAL SUMMARY

Results-driven **Full-Stack Developer** with a strong foundation in **HTML, CSS, Bootstrap, JavaScript, and React.js** for frontend development. Experienced in building responsive, user-friendly web applications and working with **Node.js, Express.js**, and databases like **MongoDB and MySQL** for backend development. Passionate about creating scalable, efficient, and high-performance full-stack solutions while staying updated with the latest industry trends and technologies. Continuously enhancing skills to deliver innovative web experiences.

PROJECTS

Employee Management System | *HTML,CSS,BOOTSTRAP,JS,JQUERY,PHP,MYSQL*   *Code*
- Designed and developed a scalable Employee Management System (EMS) to automate HR operations.
- Reduced manual effort by 40% and improved data retrieval efficiency by 30%.
- Integrated modules for payroll, attendance tracking, and employee record management.
- Leveraged advanced technologies to ensure a seamless, intuitive, and secure user experience.

News Web-App | *HTML,CSS,REACTJS,JAVASCRIP,API, FIREBASE*   *Live*
- Developed a dynamic news aggregation website that fetches and displays the latest news from various reliable sources using News API.
- Enabled users to browse news by categories, search specific topics, and filter articles by popularity and publication date.
- Designed a responsive user interface with HTML5, CSS3, and React.js, ensuring seamless functionality across devices.
- Integrated real-time news fetching through News API for up-to-date content delivery.
- Deployed the application on Firebase Hosting, providing high availability and scalability.

Lucky-7 Game | *HTML,CSS,BOOTSTRAP,JAVASCRIPT*   *Live*
- Designed and developed the Lucky7 Game, a guessing game where players search for the hidden number 7 among nine cubes.
- Built the game interface using HTML for structure, CSS for styling, and JavaScript for logic.
- Implemented a responsive design to ensure seamless functionality across desktops, tablets, and mobile phones.
- Focused on delivering an enjoyable and interactive user experience.

TECHNICAL SKILLS
